Chris Noe, P.E., PMP, Promoted to Managing Vice President, Project Delivery

Pape-Dawson Proudly Announces the Promotion of Chris Noe

San Antonio, Texas (November 15, 2023) - Pape-Dawson Engineers announces the promotion of Chris Noe, P.E., PMP to Managing Vice President, Project Delivery. Mr. Noe joined Pape-Dawson in 2015 and has 27 years of construction experience in water and wastewater projects.

Mr. Noe has provided key leadership in the construction of two of the largest water delivery projects in Central Texas in the last decade – the Vista Ridge Water Supply Project and the Alliance Regional Water Authority (ARWA) Phase 1 Program. Both projects benefitted from his ability to shape collaborative work environments that consistently move projects forward.

In addition to his exceptional project management capabilities, Mr. Noe has led the growth of Pape-Dawson's Project Delivery practice, which encompasses Program Management, Construction Management & Inspection, and Land Acquisition teams. The team is currently providing construction management and inspection services for ARWA (San Marcos); land acquisition services for TxDOT's Right-of-Way Acquisition Professional Services contract (statewide); and program management services for Riverbend Water Resources District (Texarkana) and the City of Sherman.

"Mr. Noe has been instrumental in the development of Pape-Dawson's Project Delivery team," says Cara Tackett, P.E., LEED AP, Managing Principal, Water Resources. "He has repeatedly demonstrated his ability to deliver high-impact programs through exceptional attention to client needs and goals, and in alignment with Pape-Dawson's core values. I'm excited to see him continue this growth trajectory for the firm."
