## **Pape-Dawson Engineers, Inc. Expands Reach Through Establishment of Corpus Christi Office**

**Corpus Christi, Texas** – Pape-Dawson Engineers, Inc. is proud to announce the opening of a Corpus Christi office, which began conducting business on Monday, January 17th. The new office will provide civil engineering services in the areas of water resources, hydrology and hydraulics, transportation, land development, surveying, and environmental.

Pape-Dawson has consulted on numerous projects up and down the Texas Gulf Coast, including infrastructure improvements, traffic studies, roadway design, utility master planning for municipalities, and commercial land development. The establishment of the Corpus Christi office will allow our firm to broaden its impact in the Coastal Bend.

David Leo, Manager of Infrastructure Development and Corpus Christi native, will help establish the new office. “I’m very excited about the opportunity to help open the new Pape-Dawson Corpus Christi office,” David said. “Pape-Dawson is a highly-respected engineering firm and community partner with the expertise we need to ensure a positive future for our region.”

“This is an exciting time for our firm,” said Cara Tackett, P.E., LEED AP, Pape-Dawson Senior Vice President. “Opening this office will help us to more efficiently serve our Coastal Bend clients and to carry out our mission and values, engage locally, and be an active participant in the communities we serve.”
