Curtis Lee Promoted to Senior Vice President

Pape-Dawson Proudly Announces the Promotion of Curtis Lee

San Antonio, Texas (April 16, 2025) – Pape-Dawson is proud to announce the promotion of Curtis Lee, P.E., LEED AP BD+C, to Senior Vice President. Over his 25-year career with the firm, Curtis has played a pivotal role in the design and execution of residential, commercial, and mixed-use land development projects, contributing significantly to Pape-Dawson's growth and success across Central Texas.

Curtis has led a wide range of high-profile engineering projects, with a specialized focus on urban redevelopment and public infrastructure improvements needed to support new developments. His leadership and technical expertise have been critical to the successful redevelopment of Brooks (formerly Brooks Air Force Base). Over the years, Curtis has helped solve complex challenges related to Brooks' ongoing development, transforming those challenges into meaningful, sustainable solutions for the community.

In addition to his achievements in engineering, Curtis has made a lasting impact on the development of future leaders at Pape-Dawson. A highly regarded mentor, he has helped guide the success of many young engineers, imparting his technical knowledge and instilling the values of collaboration, integrity, and excellence. His commitment to professional growth has helped build a strong, capable team that is equipped to handle a wide range of complex development projects.

"Throughout his career, Curtis has consistently demonstrated exceptional technical expertise and strategic vision, delivering high-profile, multifaceted projects on time and with outstanding quality. Equally impressive is his ability to build high-performing teams that drive results for our clients," says Shauna Weaver, P.E., Managing Principal, San Antonio. "I have every confidence that Curtis will bring the same level of leadership, integrity, and innovation to his new role."
