Greg Vaughn, P.E. Hired as Managing Vice President, Water/Wastewater

Pape-Dawson Proudly Announces the Hiring of Greg Vaughn

Fort Worth, Texas (April 22, 2024) - Pape-Dawson Engineers announces the hiring of Greg Vaughn, P.E., as Managing Vice President, Water/Wastewater. Mr. Vaughn brings 33 years of civil engineering experience in technical design, oversight, and leadership spanning a wide array of public works projects with an emphasis on water and wastewater infrastructure.

Throughout his career, Mr. Vaughn has designed and managed many water and wastewater improvements for municipalities and Districts in Texas, Arkansas, Missouri, and Oklahoma. His experience working with and for public-sector clients has given him unique insight on how to effectively manage client needs and budgetary constraints while positively balancing workload within allocated resources.

As Managing Vice President, Water/Wastewater at Pape-Dawson, Mr. Vaughn will play a key role in ensuring sustainable client growth and satisfaction as Pape-Dawson continues to expand its multidisciplinary practice.

“We feel confident that Greg’s valuable experience and commitment to mentorship will contribute to the development of our Water Resources team members,” says Cara Tackett, P.E., LEED AP, Managing Principal, Water Resources. “We look forward to seeing the impact of his leadership as Pape-Dawson’s Water Resources group grows to support the needs of our communities with a maintained focus on exceptional client care.”
