San Antonio, TX – (May 24, 2022) Pape-Dawson Engineers, Inc. has promoted Andrew Belton, P.E. to Associate Vice President. Mr. Belton has nearly 15 years of civil engineering experience, with a specialty in commercial land development. His responsibilities include design, site planning, coordination, and construction administration for a large variety of multi-family, office, retail, and industrial projects.

Over the years, Mr. Belton has demonstrated his skills in effective communication with both his colleagues and clients. He continuously motivates his team to achieve their maximum potential while meeting difficult deadlines. His recent portfolio includes large industrial developments for clients such as Milam, Navistar, and Stream. He has also managed mixed-use developments at the Pearl in San Antonio.

His natural problem-solving abilities and hard-working mentality have proven essential to overcoming challenges on projects. These qualities are highly valuable to the land development team.

Mr. Belton holds a Bachelor of Science in Civil Engineering from the University of Wisconsin-Milwaukee.
