**Pape-Dawson is Pleased to Announce the Promotion of
Stacey Weichert, P.E., LEED AP, CFM to Associate Vice President**

San Antonio Office Grows Leadership Team

San Antonio, TX – Pape-Dawson Engineers Inc. is pleased to announce the promotion of Stacey Weichert, P.E., LEED AP, CFM to Associate Vice President. Ms. Weichert’s focus is on education and commercial land development projects in San Antonio and South/Central Texas.

Since 2016, Ms. Weichert has developed a solid team focused on serving K-12 and commercial clients with planning, permitting, and design of new developments, renovations, maintenance, and associated public infrastructure. She has 28 years of experience with proven proficiency in a wide variety of civil engineering projects, including environmental compliance, public infrastructure and facilities, and private land development.

“Stacey’s expertise and technical skills have resulted in many successful projects,” said Shauna Weaver, P.E., LEED AP BD+C, Pape-Dawson Sr. Vice President. “She is a great leader to her team and a valued asset to our clients. I look forward to seeing what she accomplishes in her new role.”

Ms. Weichert is a member of the American Society of Civil Engineers and was inducted into the Texas Tech University Civil, Environmental, and Construction Engineering Academy in 2015. She is actively involved in STEM activities and is developing the civil engineering component of a new Building Design and Construction badge curriculum for Girl Scouts.

Ms. Weichert earned her Bachelor of Science in Civil Engineering from Texas Tech University in 1991. She is a Certified Floodplain Manager and Leadership in Energy and Environmental Design-accredited professional. She is a Professional Engineer in the state of Texas.

###

Pape-Dawson Engineers is a leader in the civil engineering arena, helping to build stronger communities across Texas. As a respected engineering firm established more than 50 years ago, we provide services within our technical capabilities for land development, water resources, transportation, surveying, and environmental.
