Trey Dawson, P.E. Promoted to President

Pape-Dawson Proudly Announces the Promotion of Trey Dawson

San Antonio, Texas (December 18, 2024) - Pape-Dawson Engineers is proud to announce the promotion of Trey Dawson, P.E. to President.

Trey, a third-generation member of the Dawson family, continues the legacy established by his grandfather and co-founder, Gene Dawson, Sr., in 1965. Over the past 60 years, Pape-Dawson has grown from a local operation into a thriving industry leader, built on a foundation of hard work, integrity, and respect. Trey is committed to upholding the values that have underscored Pape-Dawson's success while embracing modern strategies to drive future growth for decades to come.

Trey's leadership has been instrumental in shaping the firm Pape-Dawson has become. He has taken the lead in growing the company to 1,700 employees in six states. With his guidance, the company has achieved new levels of operational excellence while preserving the collaborative, innovative culture that defines Pape-Dawson.

"Trey has shown immense commitment to Pape-Dawson's ongoing success," said Gene Dawson, Jr., former President. "He has built a strong understanding of the company's goals and values. His ability to navigate our operational challenges and unite teams under a shared vision makes him qualified to help us lead Pape-Dawson into the future."

"We are confident that Trey's leadership, insight, and direction will help guide Pape-Dawson to new heights," said Sam Dawson, Chief Executive Officer. "I look forward to working alongside Trey as we continue to fulfill our mission of being the most respected engineering and professional services firm in our geographic and technical areas of practice."

Former President Gene Dawson, Jr. will assume the role of Chairman, and Sam Dawson will continue as CEO, ensuring continued strong leadership and guidance for the organization.

###

About Pape-Dawson

Founded in 1965, Pape-Dawson Engineers is a leading provider of engineering and consulting services. The firm provides a comprehensive range of services, including civil and structural engineering, environmental, and surveying services for development and critical infrastructure projects. The firm's network of engineers, surveyors, technicians, landscape architects, environmental specialists, biologists, planners, and construction management professionals produce projects that impact both the quality of life and economic opportunities in the communities they serve.
